

Penrose-St. Francis Health Services

 Centura Health.

Tobacco-Free Campus

Penrose-St. Francis Health Services is committed to the preservation of the health and wellness for all. We strive to promote a healing environment, for our patients, guests, associates, volunteers and the community.

The use of any tobacco product is prohibited in all areas of our campus including buildings, leased facilities, offices, grounds, vehicles, parking lots, and ramps.

If you are a patient and use tobacco products, please speak with your physician or nurse for options that are available to you during your stay in the hospital.

Thank you for your cooperation.
